

Perfect **klei4th** - **1 down** (clockwise) | Perfect **klei9th** - **1 up** (counterclockwise)  
 Minor **klei2nd (s)** - **4 down** (clockwise) | Major **klei2nd (L)** - **7 up** (counterclockwise)  
 => The bright generator is the **klei9th** (technically it's a circle of kleininths)

**1 down = 6/5, 3 down = 7/4, 5 down = 5/4, 6 down = 3/2,**

**7 down = 9/5, 9 down = 9/7, 1 up = 5/3, 2 up = 7/5, 3 up = 7/6**

=> the **7/6** and **8/7 (12/7 and 7/4)** are mapped to the same step in 19EDO
